

NOVA 6K C+R

Powerful 6000 lumen COB LED work light with DUAL SYSTEM

NOVA 6K C+R is a universal all-round work light both rechargeable and with cable (DUAL SYSTEM) providing you endless application possibilities in every working environment.

The sturdiness of the NOVA 6K C+R makes it endure the rough, wet and dirty environment at the construction site, and can be used for outdoor work under all kinds of weather conditions. The unique COB LED technology delivers extremely high light output, with a uniform and completely even illumination. The CRI value is close to that of daylight, and the NOVA housing is made of a robust die casted aluminium, resistant to strong strokes, shocks and vibration – perfect for a working environment.

The NOVA design is elegant, with an integrated carrying handle and a stand for direct mounting on the SCANGRIP TRIPOD.
